Mr. Tim Rehder
Rocky Flats Project Manager
U.S. Environmental Protection Agency
999 18th Street, Suite 500
Denver, Colorado 80202-2466

Dear Mr. Rehder:

In your letter dated February 3, 1998, your agency requested training requirements for direct oversight of the excavation action for Trench T-1. The Rocky Flats Environmental Technology Site is transmitting Attachment 1, Safety Training Summary for the Trench T-1 remedial activity. The document lists the required training items and the applicable areas for entrance such as the Contamination Area, High Contamination Areas (Exclusion Zone); Radiological Buffer Areas (Contamination Reduction Zone); and the Project Support Zone.

Also in your letter, your agency requested that DOE submit the Field Implementation Plan, the Health and Safety Plan, the Sampling and Analysis Plan (SAP), and Operation Orders. With the exception of the SAP, the documents requested are not subject to agency approval. As soon as these documents are finalized, the DOE will transmit copies to your organizations

If you should have any further questions regarding this letter, please contact Norma I. Castaneda at 966-4226 or contact me at 966-4839

Sincerely,

for Steven W. Slaten

RFCA Project Coordinator
